In issuing and maintaining its ratings, India Ratings relies on factual information it receives from issuers and underwriters and from other sources India Ratings believes to be credible. India Ratings conducts a reasonable investigation of the factual information relied upon by it in accordance with its ratings methodology, and obtains reasonable verification of that information from independent sources, to the extent such sources are available for a given security.

The manner of India Ratings factual investigation and the scope of the third-party verification it obtains will vary depending on the nature of the rated security and its issuer, the requirements and practices in India where the rated security is offered and sold, the availability and nature of relevant public information, access to the management of the issuer and its advisers, the availability of pre-existing third-party verifications such as audit reports, agreed-upon procedures letters, appraisals, actuarial reports, engineering reports,

legal opinions and other reports provided by third parties, the availability of independent and competent third-party verification sources with respect to the particular security or in the particular jurisdiction of the issuer, and a variety of other factors.

Users of India Ratings ratings should understand that neither an enhanced factual investigation nor any third-party verification can ensure that all of the information India Ratings relies on in connection with a rating will be accurate and complete. Ultimately, the issuer and its advisers are responsible for the accuracy of the information they provide to India Ratings and to the market in offering documents and other reports. In issuing its ratings India Ratings must rely on the work of experts, including independent auditors with respect to financial statements and attorneys with respect to legal and tax matters. Further, ratings are inherently forward-looking and embody assumptions and predictions about future events that by their nature cannot be verified as facts. As a result, despite any verification of current facts, ratings can be affected by future events or conditions that were not anticipated at the time a rating was issued or affirmed.

India Ratings seeks to continuously improve its ratings criteria and methodologies, and periodically updates the descriptions on its website of its criteria and methodologies for securities of a given type. The criteria and methodology used to determine a rating action are those in effect at the time the rating action is taken, which for public ratings is the date of the related rating action commentary. Each rating action commentary provides information about the criteria and methodology used to arrive at the stated rating, which may differ from the general criteria and methodology for the applicable security type posted on the website at a given time. For this reason, you should always consult the applicable rating action commentary for the most accurate information on the basis of any given public rating.

Ratings are based on established criteria and methodologies that India Ratings is continuously evaluating and updating. Therefore, ratings are the collective work product of India Ratings and no individual, or group of individuals, is solely responsible for a rating. All India Ratings reports have shared authorship. Individuals identified in an India Ratings report were involved in, but are not solely responsible for, the opinions stated therein. The individuals are named for contact purposes only.

Ratings are not a recommendation or suggestion, directly or indirectly, to you or any other person, to buy, sell, make or hold any investment, loan or security or to undertake any investment strategy with respect to any investment, loan or security or any issuer. Ratings do not comment on the adequacy of market price, the suitability of any investment, loan or security for a particular investor (including without limitation, any accounting and/or regulatory treatment), or the tax-exempt nature or taxability of payments made in respect of any investment, loan or security. India Ratings is not your advisor, nor is India Ratings providing to you or any other party any financial advice, or any legal, auditing, accounting, appraisal, valuation or actuarial services. A rating should not be viewed as a replacement for such advice or services. Investors may find India Ratings ratings to be important information, and India Ratings notes that you are responsible for communicating the contents of this letter, and any changes with respect to the rating, to investors.

It will be important that you promptly provide us with all information that may be material to the ratings so that our ratings continue to be appropriate. Ratings may be raised, lowered, withdrawn, or placed on Rating Watch due to changes in, additions to, accuracy of or the inadequacy of information or for any other reason India Ratings deems sufficient.

Nothing in this letter is intended to or should be construed as creating a fiduciary relationship between India Ratings and you or between India Ratings and any user of the ratings.

In this letter, "India Ratings" means India Ratings & Research Pvt. Ltd. and any successor in interest.

We are pleased to have had the opportunity to be of service to you. If we can be of further assistance, please email us at infogrp@indiaratings.co.in

India Ratings Revises Aye Finance's Outlook to Positive; Affirms 'IND A-'; Upgrades CP Rating

Jan 09, 2024 | Non Banking Financial Company (NBFC)

India Ratings and Research (Ind-Ra) has taken the following rating actions on Aye Finance Private Limited (Aye):

Instrument Type	Date of Issuance	Coupon Rate	Maturity Date	Size of Issue (million)	Rating/Outlook	Rating Action
Long-Term Issuer Rating	-	-	-	-	IND A-/Positive	Outlook revised to Positive from Stable; Affirmed
Non-convertible debentures (NCDs)*	-	-	-	INR8,637.87 (reduced from INR12,488.3)	IND A-/Positive	Outlook revised to Positive from Stable; Affirmed
Long-term bank loans	-	-	-	INR4,000	IND A-/Positive	Outlook revised to Positive from Stable; Affirmed
Commercial papers (CP)	-	-	Up to one year	INR500	IND A1	Upgraded
Principal protected market-linked debentures (PP-MLD)*	-	-	-	INR1,950 (reduced from INR2,100)	IND PP-MLD A-/Positive	Outlook revised to Positive from Stable; Affirmed

*Details in Annexure

This Key Information Document is neither a prospectus nor a statement in lieu of a prospectus)

The rating of the market-linked debentures is an ordinal assessment of the underlying credit risk of the instrument and does not factor in the market risk that investors in such instruments will assume. This market risk stems from the fact that coupon payment on the instrument will be based on the performance of a reference index or equity share (detailed in the information memorandum of the issue). PP-MLD refers to full principal protection in the equity-linked notes, wherein the issuer is obligated to pay the full principal upon maturity.

The Outlook revision reflects the infusion of substantial equity capital of INR3.1 billion by marquee investors British International Investment, Waterfield Advisors and A91 Partners in December 2023. Ind-Ra believes this will help the company grow its franchise in the improved operating environment post the pandemic. Furthermore, Aye has demonstrated healthy growth in the portfolio while managing credit cost and improving profitability buffers.

The upgrade of the CP rating reflects Aye's improved profitability buffers and capital buffers along with adequate liquidity buffers in 1HFY24.

Key Rating Drivers

Improved Capital Buffers with Capital Raise: At end-1HFY24, Aye had a net-worth of INR8.52 billion (FY23: INR7.38 billion, FY22: INR7.06 billion, FY21: INR7.47 billion). With the recent capital raise of INR3.1 billion during 3QFY24, Ind-Ra believes the capital levels could improve further, providing a headroom for loan growth and the scaling of franchise. Moreover, the company's capitalisation levels are adequate to meet its medium-term growth objectives. While maintaining the leverage (debt/equity) below 4.0x (1HFY24: 3.7x, FY23: 3.1x, FY22: 2.1x) and factoring the current capital raise, the leverage would have improved below 3x in 3QFY24. As per Ind-Ra's stress test, the capital buffers will remain adequate to absorb asset quality pressure in the near-to-medium term.

Experienced Management; Marquee Shareholders: Aye derives strength from its marquee shareholders and their demonstrated track record of capital infusions, which drive the company's growth prospects. Aye is backed by strong private equity players such as Elevation Capital (19.86% holding on diluted basis, at end-September 2023), LGT Capital (17.38%), Capital G (16.43%), Falcon Edge (13.32%), A91 (10.32%) and MAJ Invest (7.11%). Apart from these, at end-September 2023, the founder, Sanjay Sharma, held a 3.16% stake in the company; the remaining was held by the employee welfare trust (1.81%) and others.

The investors maintain adequate oversight with board representation (the five largest investors mentioned above have board representation), supporting technological initiatives and providing strategic inputs to the management team. Moreover, Aye's founding members have over two decades of experience in retail lending and are supported by an experienced second line of management to drive the business. Also, the recent infusion from new and existing investors positions the company to expand the franchise in an improved operating environment.

Portfolio Skewed towards Unsecured Category, but Granular and Geographically Diversified: Aye's lending is based on the cluster approach. The company lends to micro enterprises, largely in the manufacturing, trading, dairy (livestock) and services segments, with modest credit profiles (turnover of INR1 million- INR10 million) for their working capital requirements. However, the company mainly focuses on the trading, and agriculture and livestock categories. In terms of industry segments, the portfolio was split in the following manner at end-September 2023: trading: 46%, livestock rearing: 35.3%, manufacturing: 10.3%, services: 6.3%, and job work: 2.1%. Aye's product portfolio has three segments – hypothecation loans, mortgage loans and quasi-mortgage loans. Hypothecation loans (stock as a security collateral) formed 92.4%, mortgage loans formed 4.2% and remaining quasi-mortgage loans formed 3.4% of the overall assets under management in 1HFY24. The largest part (93.9%) of the portfolio had a ticket size of less than INR0.3 million in 1HFY24, with an average ticket size of about INR0.1 million. Geographically, the portfolio is well diversified, with the top four states - Uttar Pradesh (14.2%), Rajasthan (12.6%), Bihar (12.6%), and Madhya Pradesh (7.3%) - accounting for 46.8% of the combined exposure, with the remaining spread across 17 states. The company had branch network of 395 branches at end-1HFY24.

Aye follows a high touch model, with a large team across collection and origination, along with the adoption of technology in improving the turnaround time. Aye follows a paperless approach, and has developed an analytical system and monitoring process to capture the cash flows of micro enterprises in a digitised form. While the initial

onboarding-to-disbursement process is completely integrated digitally, the company has built a large ground-level staff to drive collections and is continuously upgrading the system. Aye has segmented customer profiles based on their business clusters, with micro-level understanding on business margins and assessing the cash flows of borrowers.

Improving Profitability Buffers with a Rise in Scale to Drive Operating Leverage Benefits: Aye operates through the branch-based lending model and follows a high-touch model to manage informal borrowers leading to high operating expense. However, operating expense remains adequately covered by the risk-based pricing model adopted by Aye while lending to its borrowers. The company has expanded its branch network and has put in place adequate systems and processes to support its growth prospects. The branch profitability is improving due to normalising operating expense levels and improving operating efficiency. The operating expenditure-to-asset ratio moderated to 9.4% in 1HFY24 (FY23: 10.9%, FY22: 10.1%). Aye's pre-provisioning operating profit-to-credit cost ratio improved to 3.6x in 1HFY24 (FY23: 1.89x, FY22: 0.53x).

The return on assets of the company improved to 4.4% annualised in 1HFY24 (FY23: 2%, FY22: negative 2.1%) due to healthy internal accruals from business growth and improved asset quality. Ind-Ra believes the company will benefit from the economies of scale with the likely growth in portfolio, along with the credit cost normalising further from FY23 levels.

Liquidity Indicator - Adequate: Aye's asset liability profile is supported by its adequate buffers available between the funding duration of over three years and the assets-side duration of about two-and-a-half-years. At end-September 2023, the company had unencumbered cash and cash equivalents and liquid investments of around INR7.2 billion, along with an unutilised limit of INR2.4 billion; the agency believes this will be sufficient to meet the debt obligations of INR5.4 billion (total outflows over the next three months from October to December 2023) assuming nil collections and disbursements. The asset-liability profile remained matched across all the buckets for Aye at end-2QFY24.

Stable Asset Quality: With the betterment of operating environment, Aye's asset quality on owned book improved with 0+ days past due (dpd) standing at 5.22% at end-2QFY24 (2QFY23: 8.03%, 1QFY22: 17.5%). Furthermore, the overall collection efficiency improved to 98.8% in 2QFY24 (2QFY23: 97.9%; 2QFY22: 94.4%), supported by a strengthened in-house collection team. The company's gross non-performing assets marginal increased to 2.69% in 2QFY24 (FY23: 2.49%, FY22: 3.29%) and net non-performing assets remained at 1.3% (1.3%, 1.4%). However, along with achieving healthy growth in the assets under management, the company managed to keep the delinquencies under check along with maintaining adequate provision coverage of 53.8% at end-1HFY24 (FY23: 49.8%, FY22: 58.4%). At end-September 2023, the company's restructured assets accounted for about 0.34% of its assets under management. While Ind-Ra believes Aye's credit profile is supported by its granular book, the asset quality remains key monitorable.

Funding Profile Needs Further Diversification to Increase Liability Duration: Aye's funding is skewed towards capital markets instruments, with NCDs forming 33.8% of the overall funding at end-1HFY24 (FY23: 31.9%, FY22: 60.6%) followed by securitisation 26.9% (24.8%; 7.2%), term loans from financial institutions 21.1% (19.2%; 10.5%) and external commercial borrowings 4% (11.4%, 13.6%). However, term loans from banks, even though on an improving trend, remained lower compared to peers' at 12.1% in 1HFY24 (FY23: 4%, FY22: 7.1%) of the overall funding mix, where a further rise in its share in the overall funding mix remains a key monitorable. Over the years, Aye has established relations with a diversified set of lenders/investors, and its external borrowings are funded through about 49 lenders/investors.

Rating Sensitivities

Positive: A continued expansion in the franchisee, increased diversification along long-term funding sources from banks, with sustained asset quality metrics and benefit of operating leverage, driving the improvement in profitability buffers, along with maintaining of capital buffers will lead to a positive rating action

Negative: The following developments, individually or collectively, could lead to a negative rating action:

This Key Information Document is neither a prospectus nor a statement in lieu of a prospectus)

the non-availability of external funding or growth capital
the leverage (debt to equity) exceeding 4.0x on a sustained basis due to a weakening of asset quality or otherwise weakened operating performance
significant deterioration in the asset quality with a sustained rise in net NPA above 3%
deterioration in liquidity buffers (minimum three months' buffers to be maintained)

ESG Issues

ESG Factors Minimally Relevant to Rating: Unless otherwise disclosed in this section, the ESG issues are credit neutral or have only a minimal credit impact on Aye, due to either their nature or the way in which they are being managed by the entity. ANNEXURE VII: LIMITED REVIEW FINANCIAL STATEMENTS

**S S KOTHARI MEHTA
& COMPANY**
CHARTERED ACCOUNTANTS

Independent Auditor's Limited Review Report on unaudited Financial Results of Aye Finance Private Limited for the quarter and nine months ended December 31, 2023, pursuant to the Regulation 52 of the SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015, as amended

**To
The Board of Directors of
Aye Finance Private Limited**

1. We have reviewed the accompanying Statement of unaudited financial results of **Aye Finance Private Limited** ("the Company") for the quarter and nine months ended December 31, 2023 ("the Statement") attached herewith, being prepared and submitted by the Company pursuant to the requirement of Regulation 52 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations"), which has been initialed by us for identification purpose.
2. This statement, which is the responsibility of the Company's Management and has been approved by the Board of Directors of the Company, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, "Interim Financial Reporting" (Ind AS 34), prescribed under Section 133 of the Companies Act, 2013 ("the Act"), as amended, read with rules issued thereunder and other accounting principles generally accepted in India, read with the Listing Regulations. Our responsibility is to issue a Conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013, as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.
5. The unaudited financial results for the corresponding quarter and nine months ended December 31, 2022 included in the statement are based on the previously issued financial results of the Company, prepared in accordance with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Companies Act 2013 read with relevant rules issued there under, which were reviewed by predecessor auditor, whose report dated February 13, 2023, expressed an unmodified Conclusion on those unaudited financial results.
